BOUTIQUE SENIOR LIVING

January 9, 2021

We are saddened to learn that one of our staff members at Hart House has tested positive for Covid-19. This individual is home self-isolating.

While no residents or other staff members have shown any symptoms, we have implemented full outbreak protocols at Hart House as of January 8<sup>th</sup>, 2021.

All but essential visitors are suspended for the time being. Our staff have been well prepared for this unfortunate scenario and are feeling confident. Our supply of PPE and outbreak supplies is excellent. Updates will be provided as they occur.

Sincerely,

Kris Coventry  
Chief Operating Officer  
Trillium Communities
