BOUTIQUE SENIOR LIVING

January 13, 2021 – Hart House Covid Outbreak Update

Residents and staff all continue to be symptom free; all are doing well. Our staff member who is home self-isolating is also doing well – she may have received a bouquet of flowers today to brighten her spirits 😊

We were notified today that Hart House residents will be receiving their first Covid-19 vaccinations on January 18th – we couldn't be more thrilled!

PPE supplies, housekeeping and disinfecting supplies are all well stocked – our supply chain is working perfectly.

Warm regards,

Kris Coventry
Chief Operating Officer
