BOUQUET SENIOR LIVING

February 2, 2021

Dear Families and Friends,

As you may know, the roll out for Covid-19 vaccines in the province of BC is well underway with a strategic plan by the Ministry of Health to vaccinate folks based primarily on age. There is no perfect way to implement this unprecedented massive vaccination program - the logistics of which are mind-boggling – but here is a summary of what we know:

Phase 1 = Current Phase	Phase 2: Feb to March 2021
<ul style="list-style-type: none"> Residents and staff of long-term care facilities Individuals awaiting for long-term care Residents and staff of assisted living residences Essential visitors to long-term care facilities and assisted living residences Hospital health care workers who may provide care for COVID-19 Remote and isolated Indigenous communities 	<ul style="list-style-type: none"> Seniors aged 80 and over (not living in LTC or AL) Indigenous seniors age 65 and over, Elders and additional Indigenous communities Hospital staff, family doctors and medical specialists Vulnerable populations living and working in select congregated settings Staff in home and community care
Phase 3: April to June 2021	Phase 4: July to Sept 2021
<ul style="list-style-type: none"> People aged 60-79 People aged 16-69 who are clinically vulnerable 	<ul style="list-style-type: none"> People aged 18-59

All LTC and Assisted Living residents and staff in Trillium Communities have received their first dose of the vaccine if they chose to have it. Staff will begin receiving their second dose of the vaccine next week to align with the Provincial Health Officer’s direction to wait 42 days between first and second doses.

While this vaccination roll-out provides the proverbial light at the end of the tunnel, all our homes continue to adhere to vigilant infection prevention and control measures and follow directives from the Provincial Health Officer and our local Medical Officers of Health.

As always, if you have questions, concerns or kudos to share, don’t hesitate to reach out to me directly anytime.

Stay safe and enjoy what feels like.....an early spring?!

Warm regards,

Kris Coventry
Chief Operating Officer
Trillium Communities
