

October 14, 2021

Dear Friends and Families of Trillium Communities

The Ministry of Health has revised the policy for Visitors to Long Term Care and Assisted Living in BC once again:

October 12: Visitors must be at least partially vaccinated and **NO RAPID TESTING IS REQUIRED** *this is the change

October 26: Visitors must be fully vaccinated

I do apologize for these many changes and appreciate your patience – thanks for understanding.

Warm regards,

Kris Coventry
Chief Operating Officer
Trillium Communities
